Understanding Research Paper Styles

- **MLA Handbook**
 - Definitive style guide for research papers
 - Has long been the standard in academia

The Modern Language Association publishes the Modern Language Association Handbook for Writers of Research Papers (MLA Handbook).

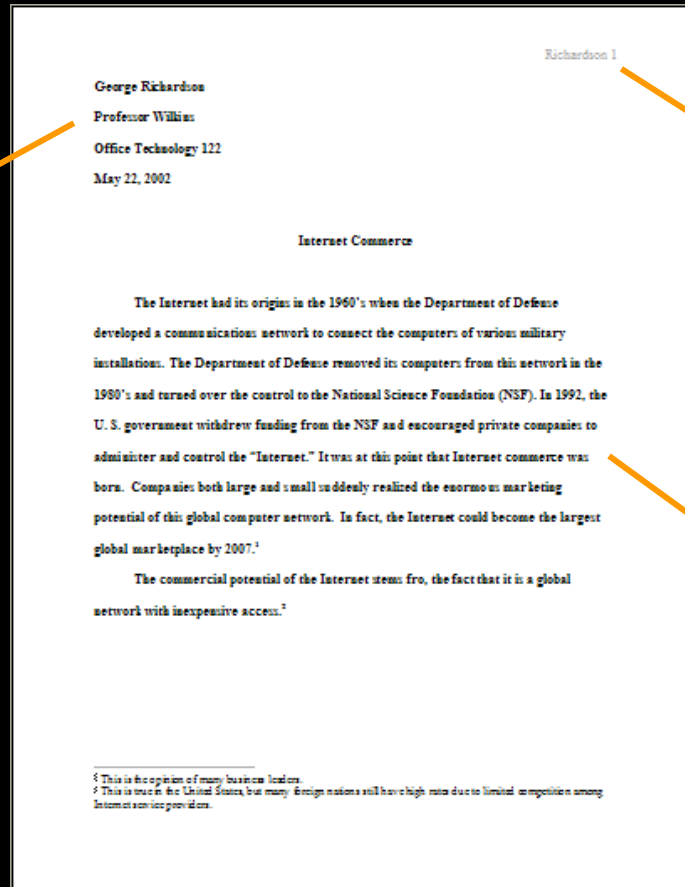

Understanding Research Paper Styles

Your name, your professor's name, the course, and the date are double-spaced at the top of the title page

The MLA handbook also provides detailed specifications for citing works, references, and other elements.

The header shows your last name and the document page number

Double-space between lines in paragraphs

Working with Footnotes and Endnotes

- An important part of most research papers
- Footnotes appear at the foot of the page

overhead are several more factors that are driving Internet commerce.³

Internet commerce will be a driving force in the global economy of the twenty-first century.

These are still obstacles to overcome, but technology and market forces will propel this new commercial medium forward at a rapid pace.

¹ This is the opinion of many business leaders.
² This is true in the United States, but some nations still have high rates due to limited competition among Internet service providers.
³ These factors depend upon the capabilities of individual companies.

TIP  *Word automatically numbers footnotes and endnotes.*

Working with Footnotes and Endnotes

- Endnotes appear at the end of the document

-
- i 2006 Online Retail Holiday Readiness Report. 1 Nov. 2006. <http://www.webtrends.com>.
- ii E-Commerce Industry Overview. 1 Nov 2006. <http://plunkettresearch.com>.

Endnotes default to lowercase Roman numerals to distinguish them from footnotes

TIP  *If you add or remove a footnote or endnote, Word automatically renumbers.*

Introducing Headers and Footers

- Appear at the top and bottom of every page
- Use section breaks for different headers and footers within a document

One of Word's built-in header styles

TIP *Use the Edit Header or Edit Footer commands to create your own header or footer from scratch.*

Inserting Table of Figures and Captions

- Guides the reader to all tables, charts, diagrams, pictures, and other graphic elements

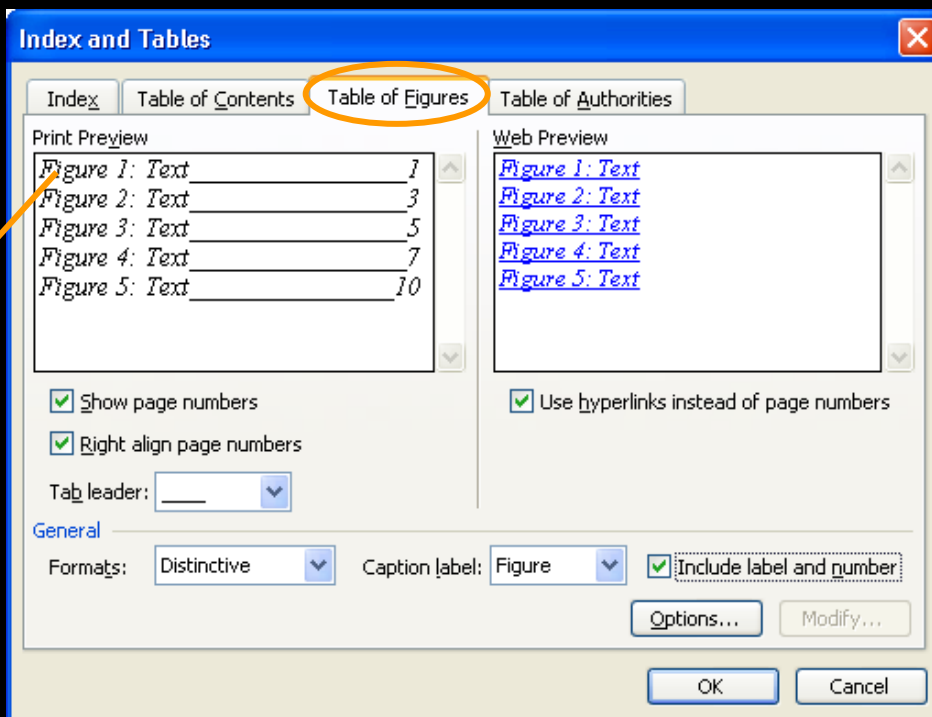

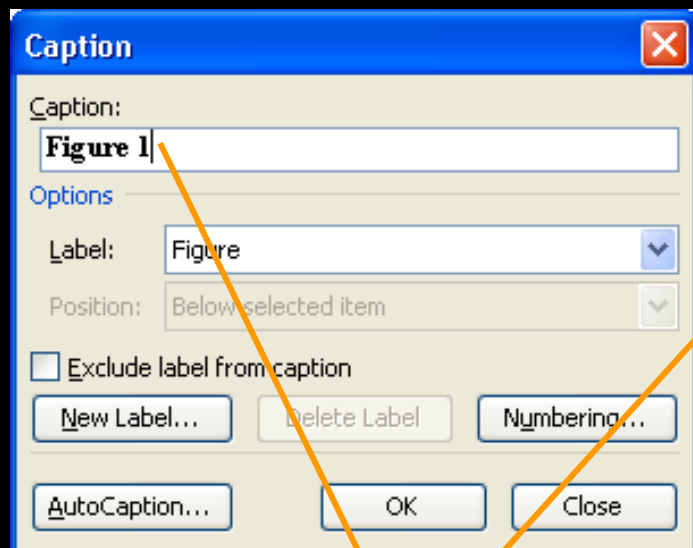

Table of Figures

<i>Figure A Introduction</i>	4
<i>Figure B DOD and ARPANET</i>	4
<i>Figure C National Science Foundation</i>	4
<i>Figure D MILNET and TCP/IP</i>	4
<i>Figure E First Graphical Browser</i>	5
<i>Figure F Netscape</i>	5
<i>Figure G War of the Browsers</i>	5
<i>Figure H Email Exceeds Snail Mail</i>	5

This Table of Figures refers to PowerPoint slides used as figures in a document

Working with a Table of Figures and Captions

Before creating a table of figures, mark the figures in your document with captions

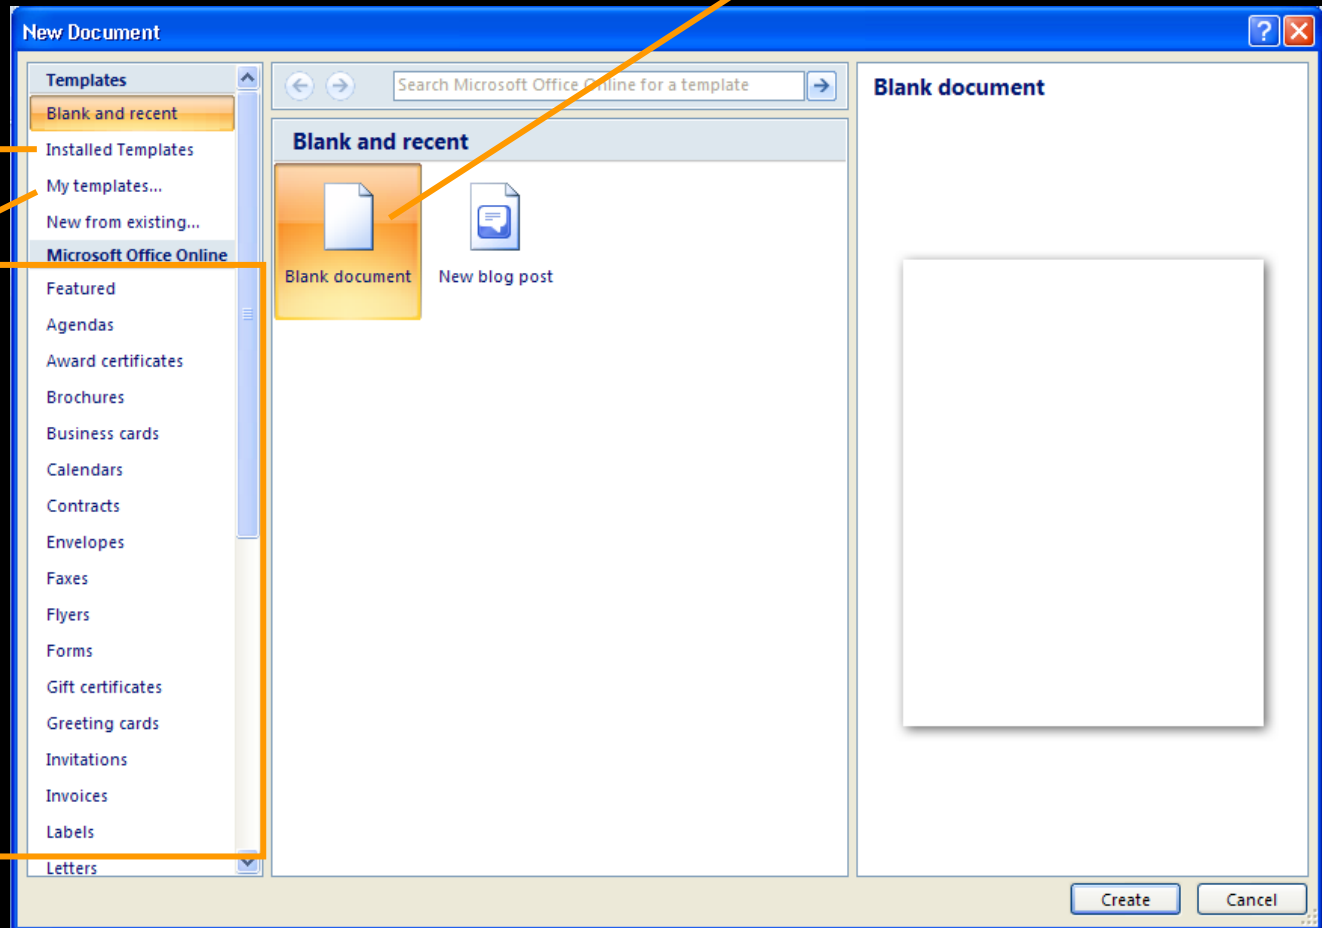

Working with Templates

A new blank document is based on the Normal template

Templates installed when you install Office 2007

Templates you download or create yourself

These templates come from Microsoft Office Online via the Internet

TIP

The appearance of this window may vary depending on recent actions taken here.
